## RESOLUTIONS

Presented to L. & N. Railroad Officials by the Committee

### OF THE EARLINGTON

#### BOOSTER'S CLUB

The committee of the Earlington Booster Club appointed to draft resolutions to the L. & N. R. R. officials protesting against the removal of the dispatchers from this place to Evansville, have done their work well and the petitions have been sent with a large number of signatures. The resolutions follow:

Earlington, Ky., 10-11-15

For several months the men working on the repair track and employed in various capacities by your company, have not been given enough work to make a living. As a result of this the men have been unable to pay their debts and the merchants have been forced to carry these unpaid accounts. The only way that the merchants have been able to make both ends meet has been by the assistance of the money paid by the dispatchers, who have been allowed to continue at work. As it has always been the pleasure of the citizens of Earlington to stand by the L. & N. R. R. in everything they wanted and everything that would work to the advantage of the railroad can not understand why practically all of the various moves made in the last year have been made against the interests of the town of Earlington. Some of the dispatchers have invested in their homes and all have endeared themselves to their churches, schools and to the citizens generally and the idea of their leaving has met with universal dissatisfaction.

The citizens of Earlington in mass meeting have therefore resolved that you be requested to not only rescind the order of transfer of the dispatchers but also put the men back to work on the repair track.

There are many hundred cars stored on the numerous sidetracks that need repairs and these cars are needed by the mines on this division.

We therefore implore you to

put the men back to work and get these cars to the mines so that the miners can work and everything pick up and the larger falling in receipts and earnings of your company will soon disappear.

Now we are not asking you to do one single thing that will not be of benefit to your railroad system and it is only right and our just due that you take some immediate steps to counteract what has already been done that has caused such a slump in real estate values here and created a general spirit of unrest and dissatisfaction.

And be it further resolved that a copy of these resolutions be sent to Pres. Milton H. Smith, General Mgr. B. M. Starks and Chairman of the Board of Directors Mr. H. Waters.

## WILL WORK FOR THE AFFLICTED

Public Health League For Hopkins County Organizing

UNDER DIRECTION OF MISS WILLIAMSON ORGANIZING NURSE

Organization of the Public Health League for Hopkins County by Miss Williamson, organizing nurse representing the State Tuberculosis Commission, is about accomplished and the active work in the county is expected to begin prior to November 1st. A visiting nurse will be selected quickly and is expected to come in time for Miss Williamson to be with her in the county some days before the first of the month, in order to inaugurate the work along proper lines. The visiting nurse and the county work will be under the supervision of an executive committee that is now being formed. Miss Williamson, in a talk which she made before the Investigators' Club at Madisonville last night, said this committee was about decided upon and announced the personnel of the officers as follows: Paul M. Moore, president; Dr. F. P. Strother, vice president; Mrs. G. W. Parker, secretary; Preston B. Ross, treasurer. The full committee will be announced shortly, she said. The campaign is on for necessary funds with which to pay the visiting nurse for the first year, beginning November 1st, and to buy a horse and buggy for use of the nurse in prosecuting her work in the county. She will be located at Madisonville and will work out of there to Earlington and other points, extending the work as it develops. About \$115 will be needed to do this work. The Fiscal Court has appropriated \$60 a month, the Madisonville City Council \$25, and the St. Bernard Mining Company \$10 a month for the first year. To these will probably be added other monthly contributions in the next day or two. In addition the Hopkins County Public Health League is asking the enrollment of as many members as possible at not less than \$1 each and papers are being circulated by interested men and women soliciting such enrollment. Any of the officers-to-be, named above, would probably be glad to accept any names offered for enrollment.

Miss Williamson states that there are 18 nurses engaged in Kentucky in this work, outside of Louisville and Lexington. This county will be the eighteenth to establish the county work in two years. Christian county will be the next to organize. Hopkins is fifth in death rate from tuberculosis, there being four other Kentucky counties with higher death rates. While the tuberculosis work will be the principal feature of the undertaking, other diseases will be considered and emergency cases will have attention of the visiting nurse in the effort to save life.

Mrs. W. G. Parker, of Madisonville, is credited with having taken the initiative toward establishing this work in Hopkins county.

To Drive Out Malaria And Build Up The System Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

Mrs. Kirby Gordon made the highest score, with Mrs. Daves as a close second.

Mr. and Mrs. Allen Laffoon of the Sutherland country, were in town on business Thursday.

## Millions to be Provided For Aged M. E. Ministers

Washington, Oct. 12.—Superannuated Methodist Episcopal ministers ought to have about \$15,000,000 to divide among themselves to "live in comfort," thinks the Baltimore conference of that church—so it started here yesterday to get it for them.

The conference points out that the church which sees its aged workers cared for, can face "the world, the flesh and the devil."

Conventions for the subscription of this fund are being held in Washington, Baltimore, Fredericktown, Hagerstown, Cumberland and Frostburg, Md., and Martinsburg and Keyser, W. Va. Retired M. E. Ministers now receive \$11 for each year of service. Under the new fund they will get \$15, or their widows \$7.50.

The game—Doan's inspires confidence—Doan's Kidney Pills for kidney ills. Doan's Ointment for skin itching. Doan's Regulators for a mild laxative. Sold at all drug stores.

## AUCTION WHIST CLUB

Mrs. W. P. Ross was hostess of an Auction Whist party Monday afternoon, which was given in honor of Mrs. Clifford Shopbell, of Evansville, Ind. Those present were: Mesdames Atkinson, Daves, Alford, McKinnon, Kline Stone and Rule. Mrs. Stone's score was the highest. At the conclusion of the game a delicious salad course was served.

## Our New Battle Cruisers

In case of war with a foreign country the fleets of the United States Navy would be compelled to put to sea and fight its enemy, since there would be no hiding in secret places, as has been the case with European navies. This fact has no doubt been largely responsible for the announcement that President Wilson's program will include a request to Congress for the construction of a battle cruiser superior in speed and power to anything now afloat. Preliminary designs for this class of vessel have been prepared, and the Administration plans for a battle cruiser that will make 35 knots speed. This is equivalent to a fraction over 40 land miles. The fastest battle cruiser thus far built by any of the Powers is designed for not more than 30 knots. Consequently, the American battle cruiser will be able to sail rings around any foreign vessel of similar type now in commission. The cost of such a type will be approximately \$18,000,000.

## C. S. BOOKWALTER IN CO. JAIL

Prominent Coal Operator Under Indictment on Serious Charge, Surrenders.

### HEAR MOTION FOR BAIL

C. S. Bookwalter, wanted since last May on an indictment charging him with being an accessory before the fact in the murder of Demmett Woodruff, Hamby Station merchant, and his clerk, Glover Board, which occurred last February, surrendered to the local authorities last Tuesday morning and is now in the county jail. Bookwalter's trial was set for last Monday, but all of these cases were continued until the next term of court. Motion for bond will be heard before Judge Gordon next Friday, October 29th.

It will be remembered that Demmett Woodruff and his clerk were assassinated in his store at Hamby Station last February. Detectives worked on the case for several weeks with the result that Jim Robinson and Floyd Craynor were indicted, charged with wilful murder. Robinson was arrested and was refused bond at his examining trial. Craynor has never been arrested. Otto Hamilton, Grover Todd and C. S. Bookwalter were indicted as accessories before the fact. Hamilton and Todd both surrendered and were granted bond.

Bookwalter is president and general manager of the Carbon-dale Coal Co., and the indictment against him created a sensation.

## Chicago Saloons Closed

Chicago, Oct. 11.—Saloons, hotels and restaurant bars were closed here yesterday for the first Sunday in 44 years, through an order by Mayor Thompson for the police to enforce a State law which had been ignored so long as almost to have been forgotten. The 7,152 saloons have been regulated under a city ordinance, which required only that they be closed between 1 and 5 o'clock in the morning.

## Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of tartar, derived from grapes;
- (2) Alum, a mineral acid; and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities that exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white, powdered acid. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the names of the ingredients printed on the label and know what she is using.

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR DOUBLE ITS BEAUTY

Try This! Hair Gets Thick, wavy, glossy and beautiful at once

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it thru your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

## COOPER TELLS WHY TANLAC IS POPULAR

Because the Preparation Contains Real Merit, He Says in Statement

"If I have been successful with Tanlac," says L. T. Cooper, "it is because the preparation contains real merit."

"Tanlac is the result of many years of arduous study by my principal chemist. In fact, the two of us have carefully watched its development from the beginning of the experimental tests to its present high state of efficiency."

"In cases of catarrhal affections of the mucous membranes, stomach, liver, and kidney complaints, I believe there is nothing so far discovered that will equal the action of Tanlac."

"Ever and anon someone suggests something that may tend to better our conditions, whether it may appertain to our health, our business, or our sociological state. It has, therefore, been my pleasure this time to offer to the world Tanlac."

"When I came to Louisville, I stated that the success of the medicine would be as great in this city as it was elsewhere. I offered Tanlac upon its merits, knowing full well that it would prove satisfactory if properly tested."

"The success the preparation has achieved here in Louisville is ample evidence that my confidence in Tanlac is well placed."

"A large percentage of your best people are now using the preparation, and they are daily testifying to its excellent worth as a medicine of exceptional value in instances of catarrh, stomach, liver, and kidney derangements, nervous debility, and in cases where a superior tonic is required."

"'Tis true that the demand for Tanlac has been large, but no larger than I had expected. Louisville is only awakening to an appreciation of the full value of such a preparation. Tanlac's success in your city will be even greater."

Tanlac, the premier preparation, is being introduced in this city and St. Charles, Ky., by Geo. King & Sons, in Morton's Gap, Ky., by Ben T. Robinson's drug store and in Nortonville by the City Drug store."

## Paxtine

A Soluble Antiseptic Powder to be dissolved in water as needed  
For Douches

In the local treatment of woman's ills, such as leucorrhoea and inflammation, hot douches of Paxtine are very efficacious. No woman who has ever used medicated douches will fail to appreciate the clean and healthy condition Paxtine produces and the prompt relief from soreness and discomfort which follows its use. This is because Paxtine possesses superior cleansing, disinfecting and healing properties.

For two years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been relieved say it is "worth its weight in gold." At druggists. See large box or by mail. Sample free. The Paxton Toilet Co., Boston, Mass.

## A Store Within a Store-

Of course we mean the Overcoat Department of the "High Art" Store—and when you stop to think that we have hundreds of Overcoats in your size, you will realize what we mean.

In our Second Floor Overcoat Department you will find every GOOD style, every GOOD fabric, and every GOOD color, from the best looms and makers in the country. The variety is almost endless—the patterns wonderful—and the fact that you find them here is the best assurance for quality.

That's the big thing about all "High Art" merchandise—Quality—it's the reason back of our continued growth. But we are not satisfied with giving quality alone—we combine it with reasonableness in price. And these two features are what you expect in your clothes.

Take time to see how well we accomplish this combination in our Overcoat Department—at

**\$10 \$15 \$20 \$25**

And up to \$40, we show these extra-value Overcoats—and we will gladly show them to you first time you are in town. We will both profit by the showing.

## Harnessing the Grand Canyon

Major Powell, who made the first recorded trip down the Grand Canyon of Colorado half a century ago, would have thought of a proposition to harness the power of the stream to furnish light and power to communities many miles distant, cannot now be told, but an American engineer is out with a project to turn the canyon into a great electric power house.

In Grand Canyon, one of the places where Powell and his companions met great danger, is to be the site of the first power house and 50,000 horse-power is to be developed. In all six power houses are planned with a total capacity of 400,000 horse power. Power is to be used to operate divisions of the Southern Pacific and the Santa Fe for industries, irrigation and farming, and also will be utilized in an immense plant to be erected for the fixation of nitrogen from the air, the calcium nitrate so obtained to be used in the preparation of fertilizers.

## "CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for liver and bowels, for biliousness, sour stomach and constipation

Get a 10 cent box now. Farred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10 cent box from your druggist will keep you feeling good for months. Millions of men and women like a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.
